

Jerry V. DeRosa
Owner, DeRosa Environmental Management LLC

Jerry is a seasoned professional with cross-functional abilities in environmental, health & safety (EH&S), risk management, business development, marketing, and training. He is a self-starter with an entrepreneurial spirit and a collaborative, strong work ethic driven to help coworkers and clients create, grow, and improve.

Jerry has over 40 years' experience within several industry segments including, but not limited to:

- Oil & Natural Gas Environmental and Safety
- Environmental Consulting/Engineering
- Environmental Risk Management in Commercial/Corporate Banking
- EH&S Affairs in Steel Manufacturing
- Commercial Property Management and Real Estate Development
- Asbestos, Mold, and Hazardous Waste Remediation
- Environmental Law, Regulation, and Risk Mitigation - Commercial & Industrial Clients
- EH&S Software (Development and Implementation)
- Environmental Sustainability Program Development

Jerry has served as Director, EH&S Affairs for three Energy companies: Tug Hill Operating; XcL Midstream; and Vantage Energy LLC. During this time, Jerry developed and implemented numerous EH&S practices and procedures to:

- Improve communication of risk mitigation and EH&S programs with company Operations teams.
- Decrease the frequency and severity of property, injury, and environmental damage claims.
- Establish and maintain improved relations with state and federal regulatory agencies such as OSHA and the EPA or state equivalents.
- Reduce liability and the financial loss through risk management & EH&S compliance.
- Reduce Operations/Business Continuity risk.
- Improve/maintain trust and reputation with the public, Joint Venture partners, and Investors.
- All total, "maximize potential for sustained ROI".

In connection with his work at Vantage, regional PADEP management remarked that they had "...made one of the most significant 180-degree turnarounds of any operator we worked with" and that "...Vantage was one of our worst Operators but, through your efforts and programs, become one of our most favorite Operators in the basin..." Ultimately, Vantage proved to be very successful and was acquired by Rice Energy for \$2.6 billion.

Consistent with his role at Vantage Energy, at the Tug Hill companies, Jerry served as Director and principal architect of the Upstream database management systems and EH&S SOPs and programs between 2017 and 2023. This contributed to highly successful operations with exceedingly low serious incident rates and claims. Their collective success was culminated in the sale of Tug Hill Operating and XcL Midstream to EQT for \$5.2 billion in 3rd quarter 2023.

In 2024, Jerry served as Practice Leader for the Energy Risk Control Team if IMA Insurance Brokerage. In 2025, he started his own consulting practice, DeRosa Environmental Management LLC to provide EHS training, program development, and risk management. Jerry is a CHMM and an Authorized OSHA Outreach Trainer of General Industry.

Jerry V. DeRosa

Owner, DeRosa Environmental Management LLC

Other key roles include Supervisor of Compliance for EQT; Office Principal & EH&S Division Manager at Pennoni Associates (engineering); Vice President of Environmental Services at PNC Bank; and Sr. Environmental Scientist at NHD&D (national environmental law practice).

Additionally, Jerry has volunteered his service on the Board of Directors for several regional non-profits and other professional associations. He founded a chapter of the ACHMM in Rochester NY and served as Chapter President in Rochester and for several years in Chapter in Pittsburgh PA.

Jerry is very active in relevant industry associations and has held numerous professional certifications throughout his career.

In 2003, Jerry was selected in Pittsburgh's "Top 40 Under 40" by Pittsburgh Magazine and Pittsburgh Urban Magnet Project.

In 2001, Jerry was named "Hazardous Materials Manager of the Year" by Academy of Hazardous Materials Managers (ACHMM) aka. Alliance of Hazardous Materials Professionals (AHMP) -- a nationwide environmental professional organization for Certified Hazardous Materials Managers and other interested EH&S professionals.
